Change to ELS Pro (by entering the serial number of the ELS Pro)

Procedure:

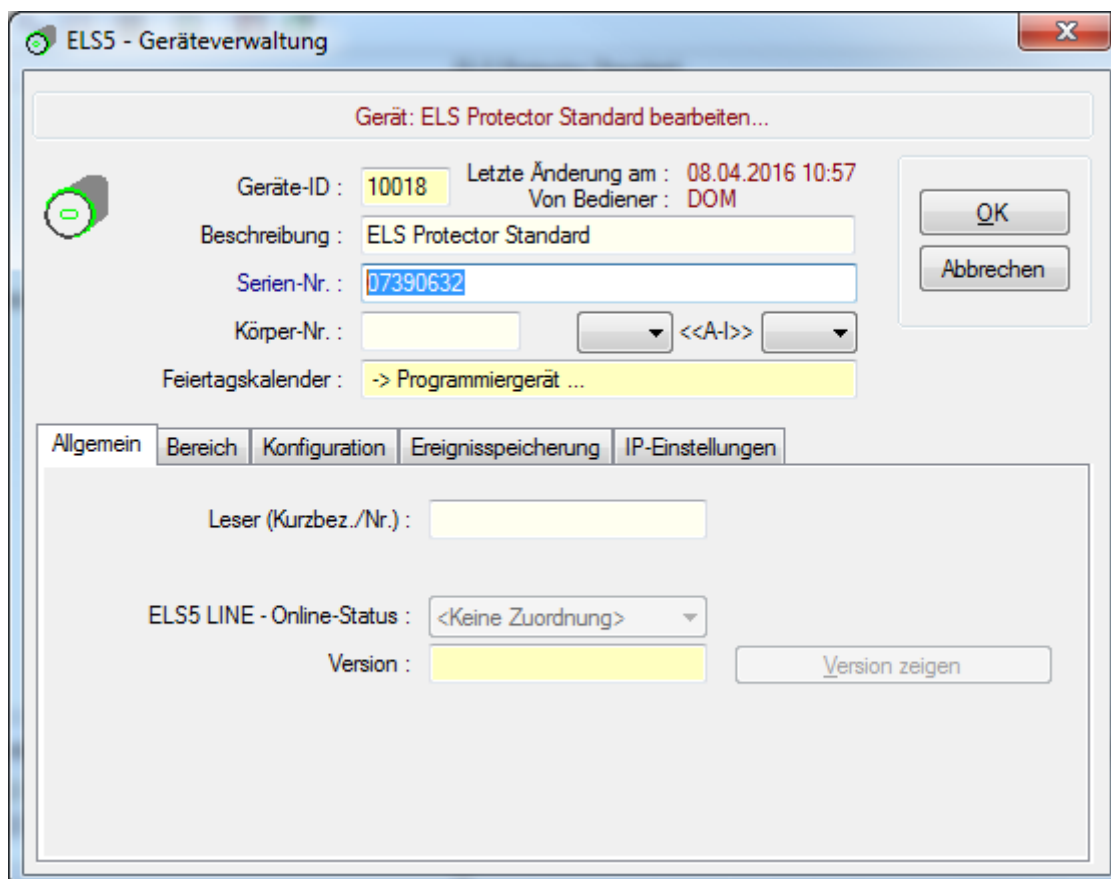

Register ELS Pro as a new device (but do not save)

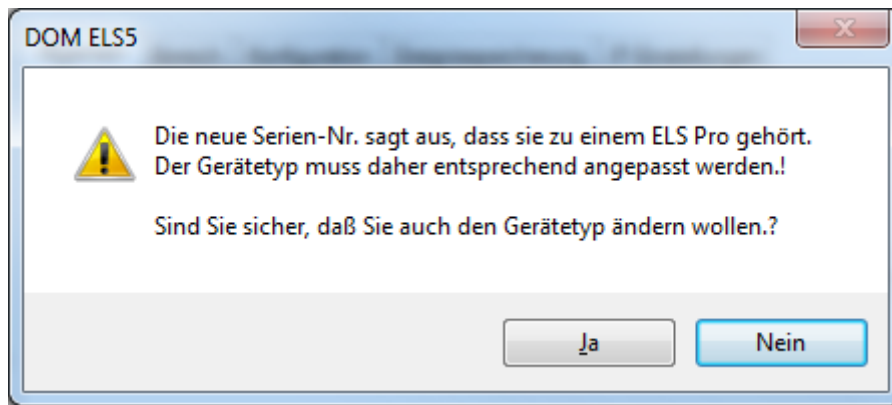

This is necessary to find out the serial number of the ELS Pro.

Click [cancel]

Enter the serial number of the ELS Pro at the ELS Protector window in the device administration.

After confirmation of the security question the following window will appear:

After confirming with „yes“ the ELS Protector is changed to an ELS Pro.
