Instructions for the application of the approval component/system (see enclosure 1):

When mounting the installation instructions of the manufacturer must be followed. The profile cylinders shall be protected with security furniture according to EN 1906:2012, Annex A, with the requirements of the appropriate class as stated in the accompanying documents.

The profile cylinders are covered by this certificate only, if the classification code is quoted in the accompanying documents relevant to the cylinder, on its labelling or packaging and/or by marking the product itself or by more than one of these methods.
